PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The Department of Homeland Security's (DHS) Office of Grants and Training has released UASI grant monies to selected jurisdictions, including the Los Angeles/Long Beach Urban Area (LA/LBUA). The local grant award is administered for this area by the City of Los Angeles (City). The LA/LBUA, which includes the County, the Cities of Los Angeles and Long Beach, and 26 other participating jurisdictions, received a 2007 UASI grant award which totaled \$58,064,000. The County's portion of the 2007 award is \$11,476,317. These grant funds were allocated to address the unique equipment, training, planning, and exercise needs of large urban areas associated with addressing threats or acts of terrorism. The Appropriation Adjustment (Attachment 2) will provide Departments the authority to purchase equipment and incur other eligible costs approved for reimbursement under this grant.

Implementation of Strategic Plan Goals

Access to these grant funds addresses the following County Strategic Plan goals:

- Goal No. 3: *Organizational Effectiveness*, Strategy 3 - Collaborate across functional and jurisdictional boundaries by promoting regional capabilities for planning for prevention of and response to acts of terrorism; and
- Goal No. 8: *Public Safety*, Strategy 3 - Identify essential equipment and necessary training for all County first responders by evaluating/assessing previous equipment purchases and planning/exercising for the proper use of the equipment to prevent and deter terrorism.

FISCAL IMPACT/FINANCING

This grant is fully funded by DHS and there is no matching fund requirement placed on the County.

Approval of the Appropriation Adjustment will increase the FY 2008-09 Emergency Preparedness and Response (EPR) budget by \$11,476,000. Of this amount, \$10,926,000 will be distributed for use by Departments and \$550,000 will be retained in EPR budget for grant activities to be performed by the CEO's Office of Emergency Management.

As detailed in Attachment 1, the following County departments were awarded UASI Grant funding:

- Health Services - \$1,190,000
- Mental Health - \$250,000
- Public Health – \$953,600
- Sheriff - \$7,084,480
- Fire - \$1,448,237
- CEO's Office of Emergency Management - \$550,000

It should be noted that the Fire Department has already included \$768,000 of their part of the UASI Grant award in its FY 2008-2009 adopted budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Governor's Office of Homeland Security has provided the Los Angeles County Operational Area with specific guidelines for the administration, management, and utilization of the UASI Grant. These guidelines detail all activities and expenditures that are eligible for reimbursement under the Grant.

CONTRACTING PROCESS

The grant agreement with the City will be entered into and administered by the CEO under delegated authority as approved by your Board. Prior to execution, the agreement will be reviewed and approved by County Counsel.

The acquisition of equipment over \$250,000, as identified in Attachment 1, is under the statutory authority of the County's Purchasing Agent and will be requisitioned, solicited, and purchased in accordance with County Purchasing Policies and Procedures.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

This grant provides funding to the County for planning, equipment, training, exercises, and program management and administration for emergency prevention, preparedness, and response personnel. The UASI Grant will have a positive impact on current services by improving and enhancing the County's ability to mitigate threats and incidents of terrorism.
